Dear Friends,

Pastor Ron Sukut sent the following message to our faithful supporters who give through Pay Pal.

Ron has been very close to our students at New Dawn and was led by the Lord to write the following on behalf of our graduating students.

Also, I just received an E-mail correspondence from Pastor James Kariuki, our African Director, who states that they are moving on well with our students, who are well prepared in the process of their national exams. Their examinations started on Wednesday, October 21st and continue to Tuesday, November 10th. Over 300,000 graduating high school students in Kenya take these same examinations.

Thank you so much for your prayers and support of our special kids there.

Stan 

Dear Faithful Supporters,

November is a monumental threshold for New Dawn Communities and our students. Nine years ago we bought 5 acres of land and built a small wooden church. Then a divine vision for a Kingdom Community came into focus about a year later. Since then we have

- Drilled a well, built a water storage tank and installed a generator.
- Purchased 20 more acres
- Designed and built a high school school campus for 100 orphaned youth.
- In a few weeks we will graduate our first class of 25 students who have lived at New dawn these past four years.

They are currently studying hard for their exams and will soon be able to embark on the next leg of their life journey. We have successfully spanned the seemingly impossible chasm of a high school education but at this point we face yet another vast chasm... These youth now have the willingness and readiness to go on the trade schools, colleges or universities but lack ability. They are in need of provision in order to seize these previously out of reach opportunities. You have already invested so much and the lives of these young people and they could not be where they are today without your support. Would you continue to be praying for these courageous trailblazers who have opened the way for many more student year after year to follow.

If you or someone you know might be able to partner financially with these African light bearers, please consider making a donation to the New Dawn College Scholarship Fund. You can go to our web site and make a one time donation and be sure your investment will help these agents of hope move along to their next aspiration. New Dawn Community Donation

Also, please remember us in prayers as we prepare to receive the next 25 eager freshman students who will be coming in January to live at New Dawn for the next four years. If you have any friends or family that might be blessed to be a part of their support please tell them to visit the web site or give us a call. We would love to share with them the value of this amazing work that is being accomplished through the sacrifice of folks just like us.

Thanks again for being a part of our team, we truly could not do this if it were not for your partnership! God bless you as you continue to invest your limited and precious resources into the things that make a difference in this life and for eternity.

"Pamoja Tutashinda" Together we will succeed
Ron Sukut, on behalf of New Dawn staff and the students
